

EXCELLENCE THROUGH PASSION

- 1) EDUCATE THE GENERAL PUBLIC; AND CREATE INCENTIVES ON THE USE OF ECOLOGICAL LANDSCAPE PRACTICES TO GROW HEALTHY PLANTS. WITHOUT THE USE OF POISONS
 - 2) EDUCATE AND LICENCE LANDSCAPERS ON TRUE ECOLOGICAL LANDSCAPE PRACTICES WITHOUT THE USE OF POISONS AND DRUGS TO GROW PLANTS. (FOCUS ON NUTRITION, HEALTHY PLANTS)
 - 3) POISON USE IN THE ENVIRONMENT IT IS ONE OF THE CAUSES OF LOSS SOIL FERTILITY AND BALANCE, POLLUTION, CHRONIC DISEASES ETC. TO REDUCE THE ABOVE PRACTICE I SUGGEST TO TAX THE SAME AS THE TOBACCO INDUSTRY.
- I KNOW CHANGE IT IS DIFFICULT! BUT IT IS NECESSARY AT THIS TIME. IT IS MUCH BETTER TO CHANGE NOW FOR INSPIRATION, THAN LATER FOR DESPERATION. AS WE EXPERIENCE MORE SUFFERING THE CONSEQUENCES OF A FAILING SYSTEM.

THE ART OF BALANCE THE SOIL
